

The SES Group Ltd recognise the increasing demand for services to be environmentally sustainable, and take steps to protect the environment and prevent pollution in an endeavour to rebuild a healthy global environment.

The provision of Security Guarding, Event Stewarding, Door Supervision, Keyholding and Alarm Response, CCTV Monitoring and Close Protection services incorporating the requirements of BS 7499; BS 7858; BS 8406; BS 7960; BS 7984; BS 7958 (Annex A) and BS 8507-1 for Public and Private Sector customers throughout the UK.

It is the policy of The SES Group that all our activities are carried out in accordance with our Business Management System, in conjunction with the requirements of ISO 14001:2015 and our Scope:

The SES Group is committed to:

- Ensure continuous improvement of our management systems by setting ourselves objectives and targets which will be monitored and reviewed throughout the year.
- Ensure that its works are sympathetic to the environment; paying close attention to the storage and disposal of any hazardous or potentially toxic material to avoid environmental harm. Waste is disposed of by a registered waste management disposal company.
- Wherever practical, use materials and products originating from sources which can be shown to be sustainable and which are re-usable or can be recycled.
- Pay particular attention, to the emission of pollutants, reduction in noise, taking the most stringent precautions to avoid health hazards and ensuring that environmental impacts are minimised during its activities.
- Continue to develop an environmentally aware approach to the management of the Company, recognising also that sound management of energy and resources in land and materials cuts cost and create competitive advantages.
- Continue to develop and practice in house environmentally caring policies covering its use of premises and other assets. The Company will also continue to promote energy efficiency and sound environmentally sensitive practices.
- Use traditional methods and continually seek innovative and pro-active ways in which to recycle our waste.

This Environmental Policy Statement has been implemented into The SES Group Management System, is communicated to our employees, made available to relevant interested parties as appropriate and will be reviewed at regular intervals.
